

Business Acquisitions, Strategies and Equities

We help you select the right partner, confidentially.

We know how hard you have worked to build your business to a level where you are ready to move to the next steps. We work with quality partners that invest in companies of all sizes and all industries to help them grow.

We are NOT a sell side advisory firm and are not looking to shop your deal to everyone and share your information with your competitors. We work with you to hand select the right partner that fits your needs and where you are in the life of your business. Ideally we look for owners that are looking to stay involved and continue to grow the business with the new equity partner, or perhaps a business owner that is looking to retire and leave the family or senior management to continue on.

We have many types of partners in our database that we work for including growth equity partners, private buyers, strategic buyers, distressed partners and family offices from all over North America. There is **no fee involved** for you to work with us. All the information we collect is kept highly confidential. We ask you to work with your lawyer, your accountant and your banker since these are the professionals that you will need to guide you through the process and give you the right advice. If you are ready, please email us at <u>marketing@baseinvestmentcorp.com</u>

Is this the right time for your business?

- Are you looking to sell 100% of the company and retire?
- Are you looking to take some chips off the table and continue to expand?
- Are you looking to acquire competitors and grow by acquisition?
- Is your company doing great top line sales but you need an operational partner to improve your profitability?

If you answered yes to any of these questions, then we can help you by bringing you the right partner!
